PROFESSIONAL SUMMARY

I am a full-stack web developer currently learning mobile and desktop app development, I have worked on a number of projects with Syntax Imagination company during my free time both remotely and during holidays. I also work personally on some projects for some organization. In addition to my skill drive, I am certified by GOOGLE on digital marketing. I am also currently offering a Cyber security course in CISCO.

I believe I would make an excellent addition to your team and will learn a lot from you in return.
